REV. FREDERIC JONES AND LOVELY WIFE HAVE GONE.

Rev. Frederic Jones and Mrs. Jones, the revered pastor of the First Baptist church and his lovely wife left Friday noon for Spartanburg, S. C., where they will spend the required ten days of detention before proceeding to Beach Island, S. C., where Mr. Jones has accepted a call from a former charge. Such a call of itself is an eloquent tribute to the quality of that most gentle and kindly Christian pastor who unconsciously endears himself to all who come in contact with him, whether Baptist or non-Baptist.

When Mr. Jones came to Pensacola in '99, the church here was in wretched condition with a very small membership and deeply in debt. Modestly and inconspicuously the good pastor devoted himself to his duties which to him were evidently privileges, with the result that, in less than six years the membership has multiplied, the debt has been paid, improvements have been made and the organization strengthened until today the First Baptist church of Pensacola is one of the strongest members of the denomination in this section.

All this has been so quietly accomplished that even those loyal members of the congregation who continuously worked in harmony with him, had not realized how important a factor their faithful pastor had been in up-building the church until his resignation surprised them last month on his return from his vacation, during which he had revisited his old charge in South Carolina to which he had received an urgent call.

Truly preferring peace and harmony at all times, Mr. Jones appeared to work any misunderstandings of himself and his own motives if only the interest of his congregation might thereby be advanced. In fact, if Mr. Jones has a fault it is the very rare one of overmuch modesty. A fault which, though "leaning to virtue's side" not only robbing him many times of his just due by hiding his real strength of character, sometimes limited his personal influence to a narrower sphere than he might cultivate with advantage to any community to which he is attached.

In all his pastorate Mr. Jones has been particularly blessed by the strength and comfort that come of all happy domestic life, and, greatly as he will be missed it is safe to say that his wife will be equally so.

Mrs. Jones, gently bred after the manner of the old regime, delicate and feminine of appearance, is nevertheless a woman of strong character by whom no sacrifice of personal convenience was permitted to interfere with her sense of duty which enabled her to accomplish much philanthropic work in addition to her domestic, pastoral and social duties.

Outside of her denominational and congregational associations, Mrs. Jones was an active member of the board of lady managers of the Women's Home, a field of good work in which her aid and counsel will be quite as seriously missed as in her immediate congregation.

Mr. and Mrs. Jones were guests of Mr. and Mrs. J. W. Lurion for two days preceding their departure, during which many friends of all denominations called to express their regret and renew their pledges of love and esteem for the departing pastor and his wife. And the remnant of their congregation who remain in town assembled at the train to give them a regretful but cordial "God be with you 'till we meet again."

MR. AND MRS. ROLFS HOMEWARD BOUND.

Pensacola friends are in receipt of letters from Mr. Rolfs and wife, formerly Miss Gila Gonzalez, stating that, after a long and delightful visit with Mr. Rolfs' parents and other relatives, they left Sept. 12 on a southern tour of Germany, Switzerland and Italy. In Geneva and Naples they would spend only a day each but would spend several days in each of the more interesting places and

CAPTAIN BARROW HERE ONLY HIS FAMILY LEFT.

A letter from Mrs. W. G. Barrow dated Nashville Oct. 6, is of general interest and with due apologies to "The Captain" The Journal takes pleasure in publishing the following extract:

"I saw in The Journal of 4th that Capt. Barrow and family were in Geneva. Capt. B. has never left the 'tarpon' and myself and four boys arrived in Nashville Tuesday morning the 3rd inst. I have met quite a number of Pensacola people here. Mr. and Mrs. J. C. Pebley, Mr. Friedman, Mrs. J. R. Leath and son, are among the number. We have been sight seeing until we are very tired. Mr. Pebley lent me some Journal's today. I told Dudley to send me the paper as soon as he had my address. But I see where he has gone to the camp for which I am truly thankful. The reason there were so few to go to the camp the first day, a great many grew tired waiting and came on here. There were quite a number came up the same day I did.

It is a beautiful country around Nashville and we are having a grand time, but will be glad when we can return to Pensacola. I miss The Journal, but as I hope to get away from here and go to Alabama I will not ask you to send it here. I am very sorry to see the paper is so bad there. Hope it will soon be over and every one that is sick will be well soon."

MR. KESSLER AND BRIDE AT KENILWORTH INN.

Mr. W. de C. Kessler and bride are registered at Kenilworth Inn, Billmore near Asheville, N. C., where they are spending a portion of their honeymoon. Before returning home they will spend some time in Washington and New York.

After a noon breakfast and reception at the bride's home a number of Baltimore friends organized a large automobile party armed with rice, old slippers and other "good luck" ammunition and rushed to the station to give them a send off.

But Mr. Hooper the best man had provided against that sort of thing and smuggled the bride and groom into a 60-E. P. "red devil" and carried them over to Washington, D. C. where they took the train in comfort for the south, leaving the jokers quite in the lurch.

Dr. L. C. Phillips who, very much against his will had to succumb to a light attack of fever, has been about all week attending to his practice to the great pleasure of his patients and other friends.

The many friends of Mrs. J. L. Bryan, wife of Lieutenant Bryan U. S. R. C. S., will regret to know that she has the fever but will rejoice to learn that it is of a very mild type. As Lieutenant Bryan is himself nursing his wife she is assured of the best care and will doubtless be up in a few days, yesterday being the third day and her fever practically gone last evening.

NEW Y. M. C. A. FINE EQUIPMENT

BUILDING WILL SOON BE OPENED
AND YOUNG MEN WILL BE
GLAD.

Had it not been for the advent of yellow fever here, Pensacola would now have in full operation one of the best equipped Y. M. C. A.'s in the south. The building which has been completed is a magnificent structure, and greatly beautifies the section of the city where it is located. The interior suggests ease and comfort throughout.

All the equipment has arrived, and is now in the building, only lacking a few finishing touches. A secretary was due here in September but was prevented from coming by the quarantine which was placed just about that time.

Just as soon as conditions improve in the city, the building will be opened and it will undoubtedly prove very popular with the young men and boys of the city.

THE PUZZLERS WERE PUZZLED

Whole Doves of Them Missed,
But Many Others Guessed the
Correct Answers.

The puzzlers missed No. 4 and No. 7 in battalions this time and it is worthy of note that with one exception all who missed "No. 4" gave it as either Edwin Booth, Edwin Forest or Lew Fields, a large majority who missed "No. 7" gave it as Stephen Girard. "Dan Walker, P. O. Box 835, city" was the first name drawn from the correct answers, and he can get the dollar whenever he calls for it at The Journal office.

Now puzzlers, wake up. Here is something new on which to exercise your bright minds. And only six of them. Of course you will find them as "easy as rolling off a log." Some of you boys who have been begging for something "hard" better take a second thought over these before filling out your coupons. Not that they are so hard. O, no. Not nearly so hard as some of your heads.

Following are the answers to the puzzles for last week:

THE TURN OF LIFE

A Time When Women Are Susceptible to Many
Dread Diseases—Intelligent Women Prepare
for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women safely through this crisis.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with falling of the womb for years and was passing through the Change of Life. My womb was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous.

Lydia E. Pinkham's Vegetable Compound Succeeded Where Others Fail.

Mrs. A. E. G. Hyland

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chester town, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the womb. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared.

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for any woman at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.
